About Us

News Center Based on BBB files, this business has a BBB Rating of **C** on a scale from A+ to F.

Reasons for this rating include:

- 55 complaints filed against business

[Click here for an explanation of BBB Ratings](#)

In complaints reported to the BBB, consumers allege: poor customer service; misleading sales practices; being charged for services not provided; that the company misdiagnosed the repair needed; and threats of liens, collection or arrest if the consumer stopped payment on a check when the consumer thought the company had made an improper diagnosis. Some consumers stated that the company would only accept cash payments.

The company has responded to all complaints presented by the BBB. The company's responses to complaints often requests consumers to complete a detailed series of questions. Additionally, the company's responses often provide signed affidavits from their employees, suggesting that the consumers are not factual in their accounting of the situations.

Advertising Review

The BBB questioned this firm's advertised claims of "Mechanic's has become the most trusted name in Air Conditioning, Heating, and Home Comfort" and "Superior quality and service has fueled constant growth, making Mechanic's one of the largest heating, air conditioning, and Home Comfort contractors in the Atlanta Metropolitan Area." The BBB specifically asked for written documentation to support these advertised claims. Also on this firm's web site it states "Our technicians stay up to date by completing hours of Mechanic's training annually." The BBB asked for information regarding what type of training is given and would this training be deemed accredited. Although the company did respond to our correspondence, they did not address any issue dealing with their advertising.
